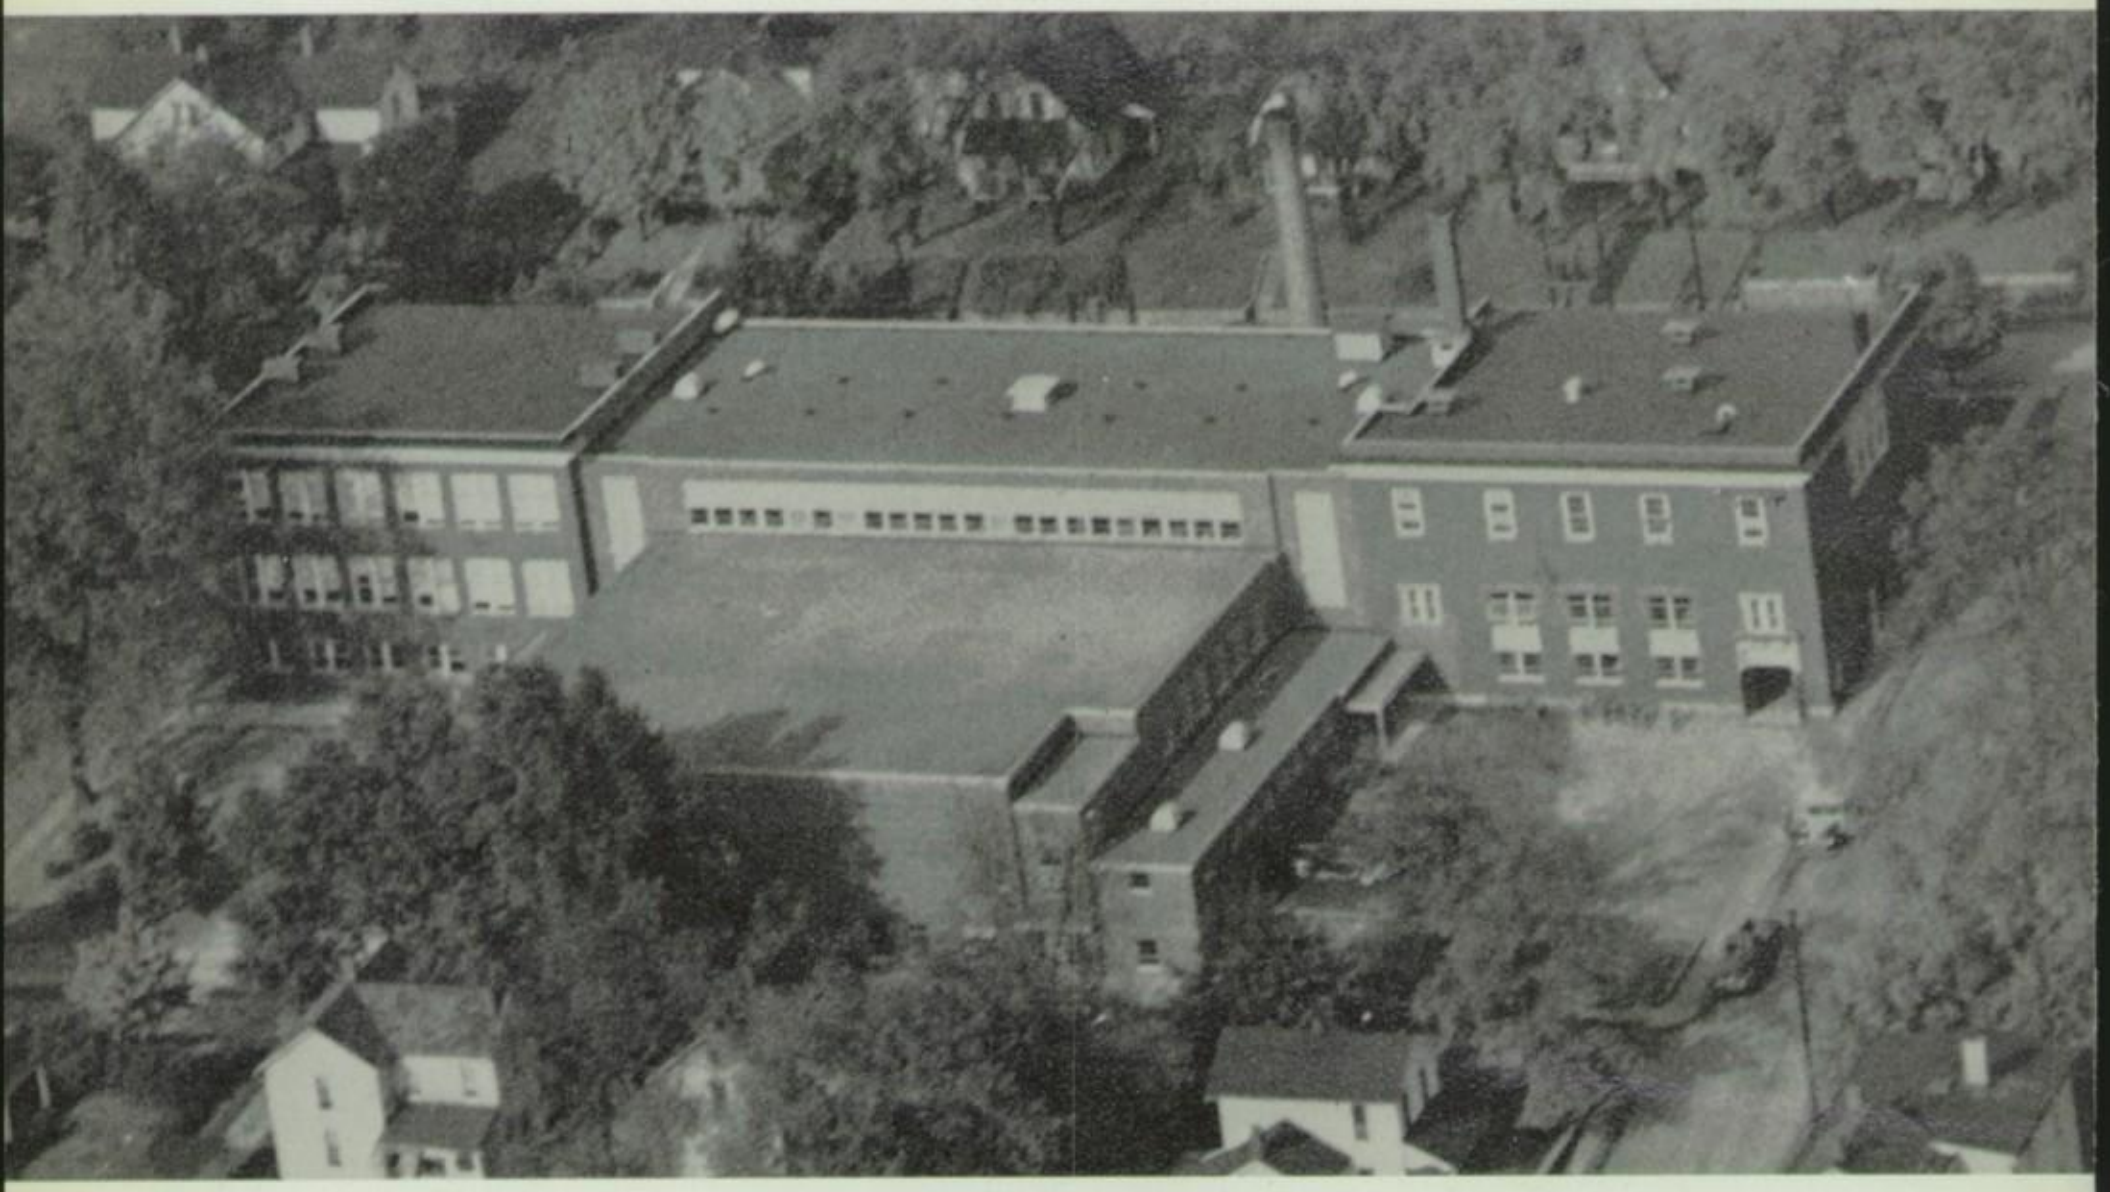
Lowellville High



The direction in which education starts a man will determine his future life.

In Appreciation

Miss Sarah Gray

We, the seniors of the 1965 graduating class, would like to pay special tribute to a former faculty member of Lowellville High School. Miss Sarah Gray retired after 45 years of dedicated service; taking with her the satisfaction that goes with a job well done.

Thank you, Miss Gray, for your faithful years of unselfish service. We will never forget the example you have set for us and will cherish the knowledge you have bestowed on us.

Dedication . . .

It is with great esteem and gratitude that we, the class of 1965, dedicate this edition of the Echo to Miss Loretta Liptak. Although she has been with us but a short while, Miss Liptak has devoted a great amount of time and energy to the activities, and undertakings of our class. A constant source of counsel and assistance, Miss Liptak has been an important factor in the success of the final years of our scholastic career.

As a token of our admiration for her, we made this dedication to Miss Liptak.

Memories

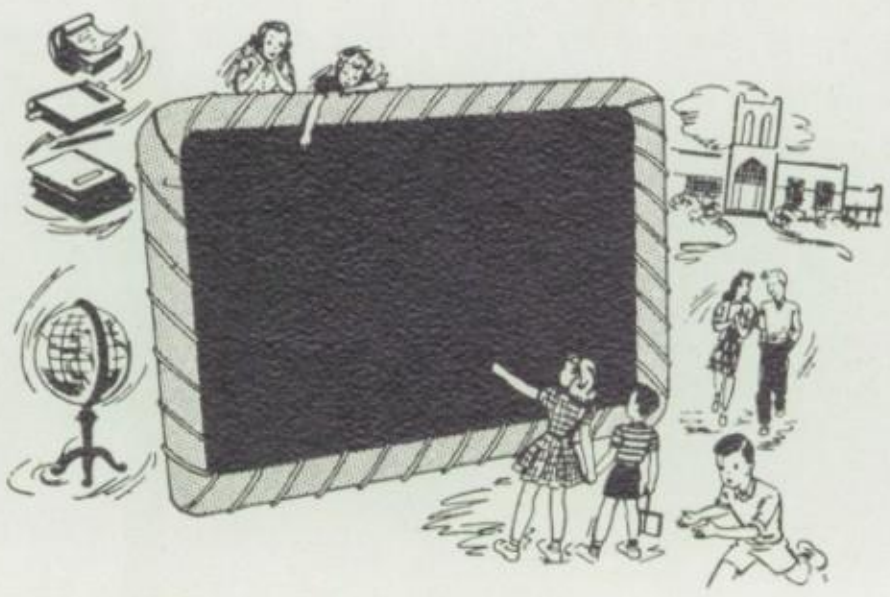
1961-1962—Young and eager to be accepted by the older high school students, we began our freshman year. Between rushing from class to class, and trying to please the teachers and impress the other students, we were kept pretty well occupied. At our first project, which was a bakesale, there was much confusion. From last minute cakes at Shirlee's to trying to push it off to the public, the whole affair was a mad rush which we all enjoyed.

1962-1963—We were now sophomores and became used to high school, its routines, and its students. This year we had our first full dance which was the first one of the year where students were permitted to dress casually. Posters announcing that slacks and deck pants were acceptable were hung throughout the school. We also had our first chance at being in charge of concessions; however, we were all looking forward to our Junior year.

1963-1964—The big year had finally arrived and the first big social event of the year belonged to the Juniors. It was Homecoming and we were blessed with beautiful weather. We were all happy to see our queen and king, Kris and Bob, crowned. Next came the Junior play which was a comedy entitled "Hilarity House." I'm sure we all remember all those trips we made to McDonald's after play practice. There we did crazy things such as putting seven kids in the front seat of John's car and riding through Campbell or decorating Patty's car with all kinds of scrap paper and riding around in that. Finally the night we've all waited for had arrived. The Junior-Senior prom was wonderful. Sandy made a beautiful queen for King Ron. This was certainly a memorable year.

1964-1965—We're at the end of our journey through high school and we're all going to miss it. There is only one social event belonging to the Seniors and that is the L.H.S. dance. Our king this year is Charles and our queen is Cathy. The one occurrence we patiently await however, is the climax of our career in high school, graduation day.

CLASS COLORS—Navy Blue and White
CLASS FLOWER—Red and White Roses
CLASS MOTTO—It is always the adventurer who succeeds
CLASS SPONSORS—Mrs. Schmid, Mr. Brayer



Well, here we are! Many of us haven't seen each other since graduation day, twenty years ago. I, Shirley Niggel, am very happy to be acting as stewardess and guide for our first reunion. We are assembling into lines ready to board the Glide-mobile, invented by none other than our own famous mechanic *Tommy Palumbo* with the assistance of *Fred Solis, Angelo Solis, Mike Kushma,* and *Bob Householder.* I understand the Glidemobile cannot get a flat tire because of the antigravity box invented by that famous scientist *Kendall Ferguson.*

Skimming over the ocean like this is quite a feeling. I was just talking to a few old classmates, Mrs. Gary Kale, our former *Beverly Fitch,* and Mrs. Al Shaffer, our former *Nancy Johnson.* They are very happy with their lovely children and their successful husbands. Oh! Look to the left everyone, we are passing a U.S. Navy Officer's Yacht and standing at the helm is our very own Admiral *Tommy Mamula.* We all waved to him but he was having a very important discussion with Ensign *George Bedenik.* It seems our playboy hasn't settled down yet. The discussion concerned the last girl he smuggled on board ship.

We are about to land on a Tahitian Island owned by none other than *Wayne Black.* His resort is just beautiful and it was designed and built by our own famous architects *Ken Klucher* and *Paul Scripac.*

We can hear the music now and everyone is waiting on the dock for us. A ceremonial island dance is being performed by Mrs. Jim Mangine, our former *Patty Joyce.* Among the other welcoming entertainers are the two comedians of song, the Druthers Brothers, who are those two brothers from our old class of '65, *Bobby* and *Anthony Donofrio.*

As we check in at the hotel, we find many prominent people from our class at L.H.S. On my right is the famous Psychiatrist *John Pomeroy,* who is putting *Patty Valentino* under a routine trance with the efficient assistance of our own *Kristine Primavera,* R.N.

On my left I find somewhat of a political discussion with President-elect *John Gorman* and the Secretary of State *Charles Schiffhauer,* while their very efficient and charming secretaries *Susie Esarco* and *Sandie Esarco* are trying to keep up with them on their shorthand notes while speed-typist *Carol Ross* is typing the notes for the next Senate Conference.

Everyone is assembling in the dining room for a delicious dinner prepared and served by Marsha's Catering Service, owned and operated by our old friend *Marsha Altiero.* The food was donated by Mrs. Frank Lucido Jr. our former *Kathy Curry.* There seems to be quite a commotion in the hallway. Oh, the two well-known actresses *Joyce Maze (Mazar)* and *Judy Grande (Granchie)* have just arrived with their manager *Michael Muscatello.* Accompanying them is their personal hairdresser *Carol Ramun.*

It seems one of the children fell from a palm tree, but there goes *Linda Ritzert* with her transistorized X-Ray machine invented by *Jack Williams*. Nurses Renee Flora and Diane Dickson have already started for the scene of the accident.

The teaching profession is very well represented. All the teachers are listening to the great Sociologist, *Dan Fuline*. The principal of L.H.S., our own *Randy Petrock* will want to convince Dan to give a talk at one of their assemblies. Members of the faculty, *Ronald Caldwell, Eileen Sturm, Lenore Blanton, Dianne Andrevich, Loretta Donatelli,* and *Reno Ferri* will back Randy all the way.

After our delicious dinner we will listen to the famous sounds of those well-known pianists Ferrantti and Teicher, none other than our own *Anthony Flora* and *Bill Skerratt*. They just had their long hair trimmed by that famous man with the scissors, *Dennis Schiraldi*. Oh, they're at it again! Our famous sportscasters *Bob Sheely* and *John Morocco* are in a heated discussion over who will win the world series. This will soon be remedied because that famous electrician *Jim Brent* has just put together a portable television so they can see how their substitutes are reporting the step-by-step action of this great event.

We would like to thank Mrs. Joe Margetko, our former *Patty Kolat,* for taking care of the invitations for us by the visiphone, invented by our old friend, *Ronnie Rotunno*. Patty is now chief operator at the Bell Telephone Company.

We all hate to go but it is time for the glidemobile to leave. However, we will all be looking forward to our next reunion in the year 2005.

Track Resumé

The Rockets track team last season proved to be real foolers. Although not overwhelmingly strong, they pulled some surprises. In dual meets they fared pretty well but dropped their first dual in three years to an "A" school. The stiff competition Coach DeRosa scheduled throughout the year proved to be an excellent primer for the big meets. Lowellville copped its third consecutive Mahoning County Crown, but managed only third place in an unsuccessful defense of its inter-county title. Most amazing accomplishment of the year was a tie for second place in the District Meet at Struthers. Ron Macella put forth an excellent performance as he copped a first in the low hurdles. The mile relay team just missed capturing the event by a mere yard. Members of the relay team were John Sheely, Bob Sheely, Ron Macella and David Burns. They all qualified to go to the state meet at Ohio State Univ.

Here is a rundown of the meets:

1964 Football Review

Although the 1964 football season was not highly successful according to the records, it could have been better with a few breaks. The final record stood at 1-6-2, but with four more touchdowns and seven extra points it could have been 6-3-0.

In every game we were outweighed and out numbered but not always outplayed. Several times throughout the year, there weren't even enough players to scrimmage in practice. Often the players seemed to be held together by only hope and desire.

Several players gained recognition on the Inter-County All-Star Team. John Pomeroy was chosen first team defensive lineman. Rino Ferri was selected as a second team halfback and Dan Fuline made second team guard. Jack Williams, Bob Sheely, Gary Black, and John Sheely made honorable mention. It was a good showing considering our record.

Here is a quick rundown of the games:

Sept. 12 Lowellville— 0 ..... Western Reserve— 0
Sept. 19 Lowellville—12 ..... at Springfield—14
Bob Sheely and John Sheely made touchdowns.
Sept. 26 Lowellville— 0 ..... Crestview— 6
Oct. 2 Lowellville—14 ..... at Mineral Ridge—46
Bob Coppola and Rino Ferri scored.
Oct. 10 Lowellville— 0 ..... at Mohawk—12
Oct. 17 Lowellville—18 ..... Greenford— 8
John Sheely scored twice and Rino Ferri once.
Oct. 24 Lowellville— 0 ..... McDonald—32
Oct. 31 Lowellville— 6 ..... at Jackson Milton— 6
Bob Sheely scored.
Nov. 7 Lowellville—14 ..... at North Lima—46
Bob Sheely and Rino Ferri scored.

The team would like to thank Mr. Kriz for the job he did in his first year of coaching here. It was a year of rebuilding and he is looking toward the future. All in all it was a good year and the boys enjoyed it.

Basketball Resumé

The 1964-1965 season will be remembered, because of the team's great desire to win. Their main objective was the willingness to work and to act as a unit. Potential of the boys was of great magnitude, and they produced to the fullest.

During the early part of the season, there was an indication that winning was going to be a habit. Then the cagers encountered a slump in which they lost four games straight, but they weren't discouraged; they came battling back. They then rallied to a six game winning streak. The team was undefeated in the Inter-County loop, and had to face the high flying McDonald Blue Devils for the championship.

When the game started, the team was at its peak and jelled into a fine quintet. Everything was going smoothly for the Rockets and victory seemed very likely. Then, tragedy! George Slaven let fly a jump shot that zipped through, but he was jostled to the floor. George had broken his wrist, and the Rockets were stunned and shattered. Lowellville was defeated, and McDonald went off the floor with the Inter-County League championship. Even though the Rockets lost their bigman, they rebounded successfully. As they headed for the tournament trail the desire to win was their motto.

There is many a glorious deed to be done.

Precious Stones

Since 1894 limestone from our quarries has helped to make the steel industry what it is today. Limestone has played a prominent role in the construction of highways, and skyscrapers. Agriculturally it has helped to produce better and more abundant crops for the farmers in our area.

As an aggregate in the manufacture of concrete building units it has helped to establish this business as a vital force in the construction industry.

We think this proves that some stone does not have to be expensive to be valuable.

Just Remember This . . . . Class of '65

The old cliche . . . ."you get out of it what you put into it" . . . . has become a cliche because it speaks true! You DO get out of it what you put into it!

Be ALIVE . . . don't just LIVE! SEE . . . . don't just LOOK! LISTEN . . . don't just HEAR! THINK . . . . don't just ACCEPT!

That way you'll savor and enjoy all that is beautiful, illuminating and inspired. You'll reject the cheap, the tawdry, the sensation of the moment. You'll speak up against evil and prejudice and ignorance. You'll PARTICIPATE.

That's the only way to be ALIVE!
